
A STAR FOR
EVERY JOURNEY
AUTOSTAR
2027

AS LONG AS PASSION HAS EXISTED

We've been supporting your passions for almost 40 years now.

First of all, the passion for travel; it brings us together, and pushes us to leave, explore, discover... it's what gets life moving and what makes everything possible.

The passion for comfort which shows through in our sumptuous interiors, made with noble materials where each space is well thought out right down to the smallest detail to adapt to you, perfectly... where every stitch, every curve, and every surface showcases our master craftsmanship.

The passion for freedom thanks to unique designs developed by our teams who keep pushing back the limits of innovation by integrating state-of-the-art technologies offering you autonomy, performance, flexibility and safety, each and every moment of your trips.

For nearly 40 years, we've been doing everything possible so that every moment spent on board is a celebration of travel. So that you can immerse yourself in your passion.

THE BRAND

MANUFACTURED IN FRANCE APPRECIATED ALL AROUND THE WORLD

Travelling the world on board an AUTOSTAR motorhome is travelling on board a vehicle "made in France" that contributes to enhancing the local economy. At Saint-Brieuc, in Brittany, our factory makes use of remarkable technical know-how provided by the talent of our designers, woodworkers, coachbuilders, sheet metal workers, electricians, heating specialists, technicians, etc. Our production site makes use of a very dense network of approved and experienced suppliers and exceptional subcontractors with whom we have been working and with whom we have enjoyed complete trust since the beginning.

MORE THAN A CLUB, A FAMILY

Because an AUTOSTAR represents much more than a conventional motorhome, the AUTOSTAR club has been federating all Autostarists who so desire since 1987. Organised outings, feedback, sharing, conviviality and the pleasure of being together form the foundations of what is offered by the club. Because being an Autostarist is above all taking pleasure in sharing the desire to be together... with others.

And because it's important for you to be able to take advantage of this family spirit, when you purchase a model in the collection, your first year of membership is free of charge. Call +33(0)2 96 79 60 35 for more information or go to autostar-club.fr. The AUTOSTAR club is affiliated with FFACCC (French federation of motorhome associations and clubs).

ALWAYS KEEPING AN EYE ON THE FUTURE

Designed to last, AUTOSTARs benefit from a sustainable design that keeps natural depreciation to a minimum.
Your AUTOSTAR offers you the best guarantees in the event of resale, as it benefits from the PROTECTSTAR label which certifies the use of robust materials and an optimised design to withstand the test of time.

A sort of life insurance for your AUTOSTAR.

24 / 7 ASSISTANCE

AUTOSTAR guarantees 24/7 technical and equipment assistance, free of charge the first year for all newly-registered models. This assistance is provided by our experts with an approved network of partners to assist you when you need help, wherever you are. Sometimes, a simple phone call is all that's needed to get the solution you need.

PREMIUM CONSTRUCTION

THE BEST BASE VEHICLES

The base for everything, the foundations on which we design our models have to guarantee perfect reliability. We only work with the best base vehicles on the market. For many years now, our requirements have been met by the FIAT Ducato chassis, which is designed exclusively for motorhomes. A mechanical marvel of which the recent developments provide incredible performance: unequalled roadholding in the market and low CO_2 emissions to reduce the impact on the environment, as well as optimised motorisation which will do exactly what you want it to. The reason we have chosen this base vehicle is that it will take you where you want to go, when you want, even far away.

DESIGN, CREATION EXCELLENCE

Ergonomics, design, materials, optimisation, durability... Designing a motorhome is already a great adventure.

Each model is inspired from the best the AUTOSTAR world has to offer. Year after year, we perfect our vehicles by integrating new features so that your daily life on board is as streamlined as possible. We spend hours going over the slightest details so that everything feels incredibly natural. If you feel at home in your AUTOSTAR, that means we have reached our goal.

EXCLUSIVE FURNITURE AND FINISHINGS

From the most robust materials to perfect finishing touches, the AUTOSTAR exclusive furniture is designed using the exceptional know-how of French craftsmanship combined with high-level industrial execution. Exceptional furniture for your AUTOSTAR.

GENUINE GUARANTEES

Thanks to the quality of the materials used and the highly researched design for our panels, we extend your AUTOSTAR's watertightness warranty to 7 years. All of our vehicles are also covered for 2 years for parts and labour on the mechanics as well as the entire unit.

THE BEST EQUIPMENT

ABS, driver airbag, passenger airbag, cruise and speed control, cab air conditioning... the list of equipment on board an AUTOSTAR is long, making for exceptional living comfort and use. Your AUTOSTAR boasts an incredible level of standard equipment.

NEW 2027 RANGE

NAEOS

a star for every journey

A-CLASS

the leading star

Spacious, secure, combining know-how and absolute comfort.

P.30

AUTOSTAR launches **NAEOS**, a new range of vans, low-profile and A-class motorhomes combining understated luxury, French know-how and innovation.
Vehicles that live up to your expectations: premium equipment, unique design and an unrivalled sensory experience, with no compromises.

A NEW INTERIOR SIGNATURE

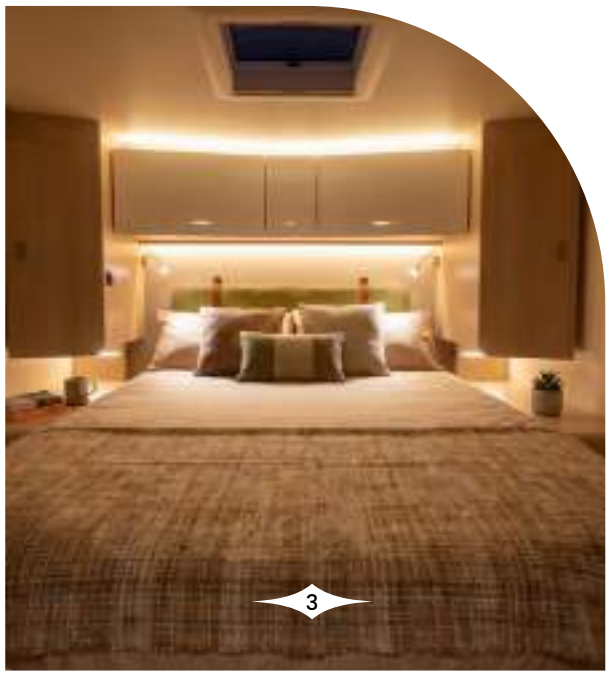

FRENCH DESIGN, REFINED TO ITS VERY ESSENCE

Inspired by French craftsmanship **NAEOS** interiors feature noble materials: light oak, linen-effect décor, gold-coloured brass taps and marble worktops.
A subtle palette of beiges and whites, enhanced with touches of khaki, creates a warm and elegant atmosphere. Enhanced by indirect lighting and the largest panoramic roof on the market (depending on the model), **NAEOS** turns every journey into a unique experience.

INTELLIGENT LIVING, ADAPTED TO NOMADIC FREEDOM

Everything is sleek, integrated and functional, with a focus on high-end comfort inspired by contemporary interior design.

1. **Stylish kitchen with numerous practical storage areas.**
2. **Bright and comfortable lounge with very soft fabric.**
3. **Spacious bedroom with numerous storage areas and lighting.**

DESIGN EDITION

5.99 M: COMPACT, AGILE AND COMFORTABLE!

Enjoy genuine Premium comfort in the V590LT van.
A small, compact van with a very comfortable, modular transversal bed, allowing you to store your surfboard or bicycle.
The modern kitchen is also functional and offers a lot of storage areas. The bathroom has not been overlooked either, as in no time at all you can take a shower in a pleasant space. Feats of ingenuity and optimisation are the key here for this high-end fitted van.
Once on board, head off and camp wherever you like...

P680 LJ

PERFORMANCE

YOUR TRAVEL COMPANION WITH INGENIOUS TWIN BEDS

The AUTOSTAR engineers have made use of all their know-how in order to provide you with such a welcoming low profile.
You'll first love this motorhome for its dimensions, as it's a compact low profile that's narrower than conventional motorhomes. As a result, it's easy to handle and goes anywhere, just like a van.
You'll also enjoy twin beds that are easy to access thanks to a retractable step. And if you prefer a large bed, it is quick and ingenious to transform.

PREMIUM TECHNOLOGIES AT THE SERVICE OF AUTOSTAR

AL-KO
QUALITY FOR LIFE

AL-KO, A PARTNER FOR MORE THAN 30 YEARS

For many years, AUTOSTAR has been offering the advantages of the AL-KO chassis. It consists of a galvanised low-frame platform with a wider rear track. Its lowered centre of gravity and independent suspension provide stability, guaranteeing the best possible roadholding.
The AL-KO chassis also makes it possible to optimise the technical components on each vehicle (Powerbox, Waterbox). It benefits from a double floor, providing more storage volume, particularly for bulky objects thanks to the storage area extending across the full width of the double floor.

aguti

AGUTI, a leader in innovation in the seat industry, has always given special attention when designing its products. The graphic designers work hand in hand and in coordination with AUTOSTAR.

All AGUTI products are subjected to the highest standards in terms of quality and safety and compliance with the current ECE standards and specifications.

ISOFIX

Non-contractual photo (face-to-face lounge)

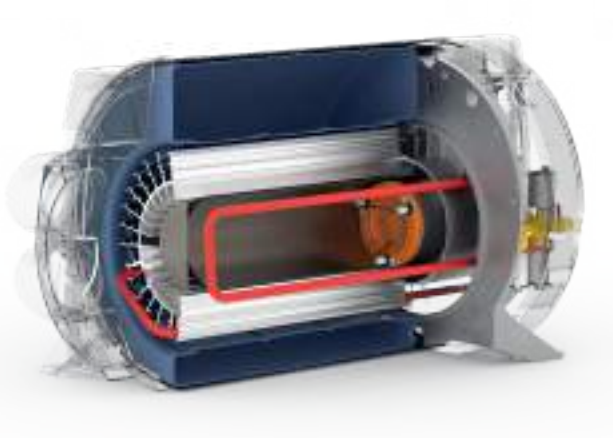

AUTOSTAR PARTNER SINCE 1989!

ALDE® is one of the top companies worldwide in terms of heating systems for motorhomes.

In the harshness of the Swedish climate, for decades ALDE® has developed heat-transfer fluid heating systems that, throughout the year, provide quality and reliable comfort in motorhomes.
In 1989, AUTOSTAR started to distinguish themselves by offering this advanced technology. Combined with premium construction for the unit, our motorhomes for a few years now have been benefiting from the **CLASS III** label.

For many years now, AUTOSTAR is one of the rare brands to offer the best of TRUMA technology as standard or as an option according to the models.
The TRUMA COMBI E combined heating offers pleasant heat in just a short time thanks to its hybrid heating mode; you can choose from the electric, gas, or mixed operating modes. This is economical (save on gas), ecological ("zero emissions" electric mode) and effective (25% faster).

A NETWORK OF LEISURE VEHICLE PROFESSIONALS

AUTOSTAR selects the best leisure vehicle professionals in France and in Europe to distribute its products and ensure maintenance.
With training provided by our technicians, they can rely on effective and smooth-running organisation of the After-Sales Service.
They are ready to help you and are at your service.
