benimar 2027

Building the future on experience. Since 1974, at Benimar we have viewed innovation as an ongoing process. Over fifty years of designing and manufacturing vehicles have enabled us to constantly evolve, perfecting every detail to offer an ever more complete travel experience.

The new 2027 collection is the result of this approach: more efficient processes, optimised materials and smart solutions that enhance the quality, comfort and reliability of our vehicles.

We continue to move forward with the same passion that has driven us from day one, convinced that true innovation is that which brings real value to those who travel with us.

Why travel ordinary?

The ordinary is simply following the path...

The extraordinary is deciding how to travel it.

Great experiences never happen by chance.

Benimar does not believe in designing vehicles simply to follow the status quo. We believe in designing vehicles capable of changing the way every journey is experienced.

Because when you change the way you travel, you change the journey itself.

Smart innovation

Technological solutions designed to enhance user comfort and functionality

Mediterranean soul

Our essence, connection and design inspired by the Mare Nostrum lifestyle

Value you can feel

Vehicles where design, equipment and quality strike the balance that has always defined BENIMAR

Benimar History

1974

The journey begins

Few people know that the brand began its journey in 1974, manufacturing caravans and mobile homes in modest facilities in Benicarló (Spain).

1978

The first motorhome is born

The first motorhome model, called Colón and built on a Mercedes chassis, was manufactured.

1996

A new era

The relocation of production to the new facilities in Peñíscola (Spain) led to an increase in the plant's capacity thanks to its 6,000 m² production hall.

2002

TRIGANO Group

We became part of Trigano, one of Europe's leading manufacturers of leisure vehicles.

2024

50th Anniversary

Benimar celebrates its 50th anniversary and launches its new range of compact low-profile motorhomes, the Yrteo.

2027

Why travel ordinary

The start of a new chapter in Benimar's history.

Range 2027

Two styles. Four layouts. The same energy.

KALEO brings together one Luton motorhome and three low-profile models to offer different ways of travelling with the same spirit: functionality, reliability and character with every kilometre.

Reliability you can feel.

A range created for those seeking to travel with confidence, in a robust, practical motorhome ready to accompany you on every journey.

Everything makes sense.

KALEO intelligently brings together the essentials: functional design, comprehensive fittings and layouts designed to make the most of every space.

Rest your way

Island bed, twin beds or a transverse bed. Choose the layout that suits you best and enjoy a rest designed to help you travel further and better.

A living area designed to be enjoyed

A versatile and well-utilised space, designed for sharing meals, plans and moments in the greatest possible comfort.

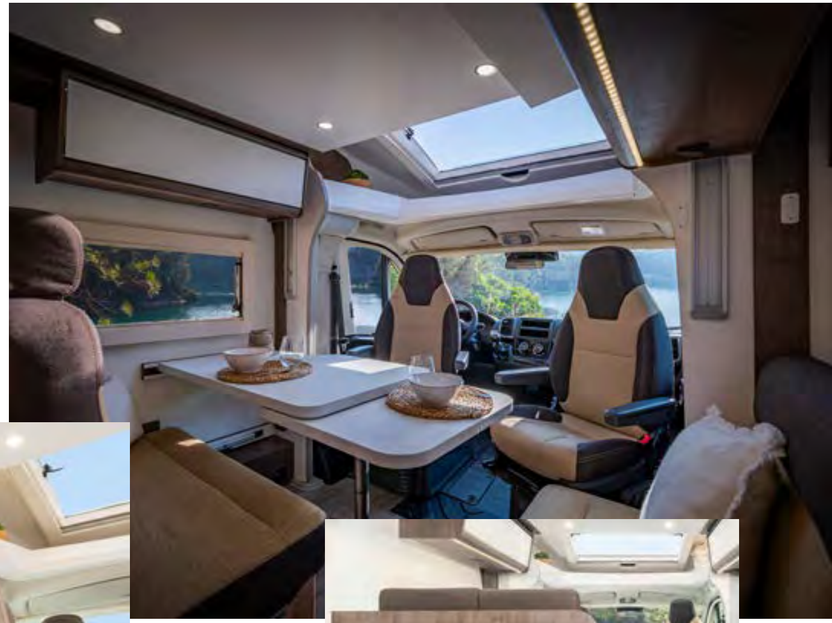

A kitchen ready for the road

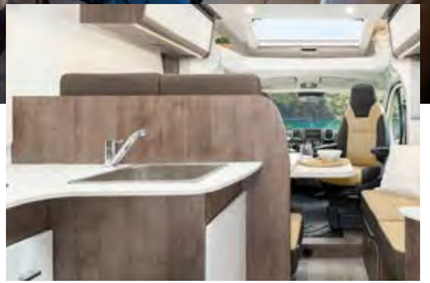

Everything you need to cook whilst on the road: space, functionality and a spacious transverse bed so you'll have everything you need on board.

A practical, comfortable and modern bathroom

A bathroom designed for real-life use: comfortable, functional and featuring clever solutions to make the most of every centimetre.

More possibilities. More TESSORO.

A range with a wide variety of models and layouts so you can find the motorhome that best suits your travelling style. Everything in perfect balance

Everything in perfect balance

Design, comfort and functionality come together in a range created to offer it all, without compromising on anything.

A kitchen ready to enjoy

A fully equipped, practical and stylish kitchen, with a large-capacity refrigerator so you can take everything you need with you on the road.

A stylish and spacious bathroom

Every centimetre is designed to enhance the feeling of comfort. A modern, functional bathroom with a refined aesthetic.

Rest tailored to you

Twin beds, island beds or transverse beds. Whichever option you choose, Tessoro turns every stop into a truly restful experience.

A living area to enjoy the journey

Spacious, bright and well-optimised interiors for sharing meals, conversations and moments in complete comfort on board.

Designed to escape the daily grind

Range YRTEO

A compact, agile and functional range, designed for those seeking to move freely and enjoy the journey without complications.

Freedom in a compact package

YRTEO allows you to go further, travel in comfort and reach destinations that a conventional motorhome cannot always access.

The pleasure of driving differently

Its compact size and easy handling make every journey easier, smoother and more spontaneous.

Compact bathroom, smart design

A functional and well-designed bathroom, with a modular partition that allows the shower to be used independently.

Surprisingly comfortable

A fully optimised interior to offer a real sense of space, with solutions designed to ensure every getaway is comfortable.

Equipped to suit you

Customise your vehicle with packs and optional extras designed to adapt Yrteo to your way of travelling.

A space filled with memories

Elegance in every detail

MILEO combines exterior design, interior ambience and premium solutions to transform every journey into a more refined way of travelling.

Sleeping under the stars

The panoramic skylight floods the bedroom with natural light and makes rest one of the most special moments of the journey.

Premium bathroom

Clean lines, well-thought-out lighting and a carefully considered layout that conveys a sense of space, comfort and design from the very first glance.

Everything in order

Seamlessly integrated storage solutions to carry everything you need in comfort, whilst always maintaining a sense of spaciousness, order and harmony.

Superior fittings

Meticulous finishes, carefully selected materials and thoughtful details designed to enhance life on board with a sense of premium comfort.

An inspiring kitchen

A three-burner hob, an extractor fan, a compressor refrigerator and a spacious larder allow you to enjoy a fully equipped, practical and stylish kitchen whilst on the road.

Range MILEO

Where the best version of yourself begins.
